An explanation of the Balkan union s given by an official who understands the situation thoroughly. An alliance properly speaking, does not exist. For instance, Montenegro is not allied with Servia. But Bulgaria, after signing a treaty with Servia, concluded a second treaty with Montenegro and a third with Greece. Bulgaria, therefore, stands as the link binding to gether the Balkan states and it is Bulgaria that plays the leading role.

WAR APPEARS INEVITABLE

Montenegro Opens Hostilities and Balkans Are Aflame.

Constantinople, Oct. 9.-The Bulgarian, Servian and Greek ministers now be able to avert war.

The universal belief is that only the occupation of Servia and Bulgaria by Austria and Russia would serve the purpose, but such a contingency is considered out of the question.

The Turkish view, as expressed by officials, is that Turkey was ready to enter into negotiations about the frontier dispute with Montenegro and hence Montenegro's complaint on this score was a mere pretense to precipitate a conflict before the powers were able to intervene.

The opinion is deepening here that Montenegro was used as a catspaw by the other Balkan states in order to forestall European intervention.

ROYAL BAKING POWDER ABSOLUTELY PURE

Cooking is a matter which concerns the whole family, and under modern methods and conveniences it is made so attractive the whole family is becoming interested, if not taking part in it.

"These biscuits are delicious: this cake is excellent," says the father. "I made them," says the daughter, and both father and daughter beam with pleasure.

It is a crime, with our modern agencies, helps and facilities, to have soggy biscuit, or wooden cake, or leaden pastry.

Royal Baking Powder has made home baking a success, a pleasure and a profit, and the best cooking today the world over is done with its aid.
